This intensive is created for CMED students but is open to anyone. Recommended pre-work is Caroline Myss's "Sacred Contracts", book or CD (available through the CMED website: www.myss.com). Its purpose is to increase your confidence and expertise in identifying and defining archetypal characteristics and patterns and to sharpen your ability to communicate this information in a manner that is accessible to your clients and students.

The class is designed so that each participant can:

- ❖ Develop a creative and more nuanced understanding of the light and shadow aspects of the archetypes.
- ❖ Learn how to refine and customize archetypes for yourself and your clients.
- ❖ Develop your skill in reading archetypal signals and recognizing archetypal voices, vocabularies and body-language.
- ❖ Chart the relationships and interconnectedness of families of archetypes and their evolution from parent archetypes.
- ❖ Learn the relationship of culture-specific archetypes to universal archetypes.
- ❖ Explore relationships between archetypal allies.
- ❖ Learn how to look for a single overlaying archetype that connects the 12 individual archetypes on a chart.
- ❖ Use Archetypal stories- Moses, the Wizard of Oz, Helen Keller, Harry Potter, Auntie Mame, Titanic, the DaVinci Code, Pollyanna, etc. to refine the interpretation of charts.
- ❖ Interact with the whole class and in small groups using exercises designed to stimulate your imagination and move you into richer experiential encounters with the archetypes
